11173	Speeding - 25/15	Upheld	Evidence supports citation
11177	Speeding - 26/15	Not Applicable	Complaint/Scheduled to meet with SIPOA Board

The Security Activity Report for the month of December was presented by Jenn Miller.

The committee discussed a submission of speeding-related questions from a property owner. The committee consensus was to refer the property owner to the minutes from the Board of Directors meeting and the Safety and Security Committee meetings prior to any face-to-face meeting because the majority of the answers to his questions could be found in those documents.

#### **Additional Items**

Bill Thomas, a Royal Pine Drive property owner, spoke up on behalf of the residents on Royal Pine Drive who have concerns about speeding on this street due to many vehicles using the street as a short-cut. A productive discussion followed and Mr. Thomas was referred to the Mobility Sub-committee of the Planning Committee.

The meeting was adjourned at 11:31 a.m. The next meeting is scheduled for February 6, 2019. Formal meeting starts at 9.30 a.m.; members will meet voluntarily at 9 a.m. to review citation appeals.
